5. DISCIPLINE – RIGHTS AND OBLIGATIONS OF STUDENTS

School is a place of instruction and learning about life in society. Children are required to behave correctly towards their classmates and school staff. Students, like their families, must refrain from any behavior, gesture or word that would undermine the function or the person of the teacher and all school staff, and the respect due to their comrades and their families. The teacher, as well as any member of the school staff, refrains from any behavior, gesture or word, reflecting on his part indifference or contempt towards the pupil or his family.

The obligations of students apply to everyone, regardless of class. Punctuality, attendance, decent dress (short shorts and mini skirts are prohibited) and cleanliness, respect for others (comrades, staff, parents), equipment and the environment are part of the obligations of students.

The student has the duty not to use any violence. Verbal abuse, damage to property, bullying, theft or attempted theft, physical abuse, are behaviors that are subject to disciplinary sanctions.

Parents are responsible for any damage their children may cause.

Students should only bring to school items needed for school work. Valuables are not allowed (jewellery, game consoles, etc.)

PENALTIES

Kindergarten

No sanction can be imposed. Only the isolation, under supervision, of a temporarily difficult child (when his behavior can be dangerous for himself or for others) for the time necessary to make him find a behavior compatible with the life of the group is authorized. In case of serious behavior, the family is summoned by the management, in the presence of the class teacher.

Elementary school and CNED

The teacher must obtain from each student work commensurate with his or her abilities.

All corporal punishment is strictly prohibited. A pupil may not be deprived of the entire recess, as a punishment.

In the event of notorious misconduct or persistent indiscipline (insolence, disruption of the class, brutality towards his comrades) by a pupil, the director calls the family to inform him.

In case of notorious misbehavior or persistent indiscipline (insolence, disruption of the class, physical or verbal violence, deterioration of material,...) of a student, the director and the teacher summon the family to inform them and a warning is given to the student.

In case of repetition, at the third warning, when the child's behavior continues to seriously and durably disrupt the functioning of the class, reflecting an obvious maladjustment to the school, the situation of this child is submitted to the examination of the educational team. A decision to temporarily exclude the child from the class will be made by the principal after meeting with the parents and the teacher.

Medications will be kept by the teacher and administered by the staff.
